EXPERIENCE

Digital Scientists | Developer

2021-2023

Worked on several projects for multiple clients. Primarily utilized React, React Native, Ruby on Rails and PostgreSQL.

- Exercised technical expertise in React and Ruby on Rails to implement new features and fix critical bugs on multiple in-production projects.
- Owned and managed an important client project through effective communication, implemented bug fixes and led new feature buildouts.
- Utilized advanced Python to generate image noise, improving the accuracy of the machine learning OCR model.
- Integrated effective database configurations to adjust for changing data models.
- Transitioned components of a large scale React application from JavaScript to TypeScript following atomic design methodologies.
- Collaborated on multiple agile teams of 3-6 people using Jira for workflow management.
- Produced high-quality documentation of a large-scale Rails RESTful API with over 100 available actions using Rswag, additionally identified and fixed outdated Rspec test files.
- Leveraged Docker to create a scalable and reliable system for storing database images and a Redis server.

Self-Employed | House Painter/Cabinet Installer

2019-2021

- Assembled and installed cabinets into kitchens and bathrooms in private residences.
- Transformed interior and exterior paint in aging houses into spectacular homes with a style of their own.
- Problem-solved to ensure work was done efficiently and exceeded client expectations.

Victory North | Security Professional

2018-2019

- Coordinated with a team to ensure a safe environment for the attendants of music shows and events such as weddings and recitals.
- Worked part-time while finishing a degree program, balancing multiple priorities and competing deadlines.

EDUCATION

Actualize Coding Bootcamp | Certificate in Full Stack Web Development

2021

A four-month full-stack web development bootcamp. Core technologies included Ruby, Rails, JavaScript, and Vue.js. Special emphasis on API-driven development, version control with Git, professional tooling, team collaboration, and continual learning.

Georgia Southern University | Bachelor of Arts in Psychology

2019
